

## **Delcan & Co**

IDENTITY SYSTEM – Founded in the Spring of 2014, Pablo Delcan, a former classmate and colleague, established his own design practice, Delcan & Co.

Inspired by the concepts of duality and utility, the identity consists of only two colors, black and white. The system was designed with a minimalist approach so Pablo's work would always be the focus. The bold approach represents the ideology applied to his work and his studio.
